## PROFILE

Full Stack Developer and UI/UX Enthusiast with a solid foundation in modern web technologies. Skilled in building responsive, user-friendly interfaces and robust backend systems using the MERN stack. Passionate about clean, accessible code and delivering seamless user experiences. Collaborative, detail-oriented, and committed to continuous learning.

## SKILLS

### Technical Skills

- **Frontend:** HTML, CSS, JavaScript, Java
- **Frameworks:** React, Redux, Node.js, Express.js
- **Databases:** MongoDB, Firebase, MySQL
- **Tools & Platforms:** Git, Linux, Figma, Wix Studio

### Soft Skills

- Teamwork
- Time Management
- Adaptability
- Consistency

## PROJECTS

### VR Store – Responsive E-commerce UI Design

Figma, Design Systems, Prototyping

- Designed a modern VR e-commerce website UI in Figma with high-fidelity mockups for desktop, tablet, and mobile.
- Created reusable UI components with hover states, consistent grids, and visual hierarchy.
- Built interactive prototypes for accessibility testing and seamless developer handoff.

### Personal Finance Tracker – Expense Management App

React, Firebase, Redux, Node, Express

- Developed a personal finance tracker with category-based tracking, history logs, and monthly summaries.
- Integrated Firebase for real-time database and authentication with Redux for state management.
- Designed a fully responsive UI to ensure seamless user experience across all devices.

### HealthMate – Healthcare Web UI Design

Figma, UI/UX Design, Wireframing, Prototyping

- Designed a healthcare web UI including login, registration, doctor directory, and chatbot screens in Figma.
- Focused on clean layouts, intuitive navigation, and accessibility with a medical-themed color palette.
- Prototyped user flows and interactions to simulate real-world usage for developer handoff.

## EDUCATION

### Bachelor of Engineering in Computer Science

St. Joseph Engineering College (VTU)

2022 - 2026

Mangaluru, Karnataka
